they take them.**

Director's Message

Dear students,

Firstly, I would like to communicate my appreciation for the belief you have shown in Tiwari's classes. At Tiwari's classes we strive to prepare you for leadership in this everchanging, competitive world by maintaining the highest standards for the faculty and the staff. Our goal is to make your time at Tiwari's classes worth your effort by providing an academically and professionally intellectual environment.

Along with hard work and intelligence, another crucial factor that would play a decisive role in your success is availing of the right guidance and being in the company of like minded people.

IIT-JEE/PMT is not, as believed by many, a difficult examination albeit a different one and hence requires a motivated and efficient approach. We feel confident that Tiwari's classes offers the perfect balance of elite faculty, student supporting a healthy, competitive environment to make your time here a memorable one.

This is an assurance that your association with Tiwari's classes will be one of the most esteemed decisions and if you put your sincere hard work then we can conquer IIT-JEE/PMT easily.

Wishing you success in your endeavours

NAVIN KUMAR TIWARI

Managing Director

M.Sc.(Physics) JNU

Gold Medalist

Do not wait for extra-ordinary circumstances to do good actions; use even the ordinary ones.

Glimpse of IIT-JEE

Indian Institutes of Technology (IIT)

Indian Institutes of Technology (IITs) are a group of fifteen autonomous prestigious engineering and technology-oriented institutes of higher education established and declared as Institutes of National Importance by the Parliament of India. The IITs were created to train scientists and engineers, with the aim of developing a skilled workforce to support the economic and social development of India after independence in 1947.

Each IIT is an autonomous university, linked to the others through a common IIT Council, which oversees their administration. They have a common admission process for undergraduate admissions, using the Joint Entrance Examination (popularly known as IIT-JEE) to select around 8,000 undergraduate candidates a year. Postgraduate admissions are done on the basis of the GATE, JMET, JAM and CEED. About 15,500 undergraduate and 12,000 graduate students study in the IITs, in addition to research scholars.

The fifteen IITs are located in

1. Kharagpur (West Bengal)
2. Mumbai (Maharashtra)
3. Chennai (Tamil Nadu)
4. Delhi (New Delhi)
5. Guwahati (Assam)
6. Roorkee (Uttarakhand)
7. Bhubaneswar (Orissa)
8. Hyderabad (Andhra Pradesh)
9. Gandhinagar (Gujarat)
10. Patna (Bihar)
11. Jodhpur (Rajasthan)
12. Rupnagar (Punjab)
13. Indore (Madhya Pradesh)
14. Mandi (Himachal Pradesh)
15. Kanpur (Uttar Pradesh)

ENTRANCE EXAMINATIONS

Admission to undergraduate programs in all IITs is tied to the Joint Entrance Examination, popularly known as IIT-JEE. Candidates opting for the B.Arch. (Bachelor of Architecture) program in IIT Kharagpur, and the B.Des. (Bachelor of Design) program in IIT Guwahati, have to clear an aptitude test as well. Candidates who qualify admission via IIT-JEE can apply for admission in B.Tech. (Bachelor of Technology), Dual Degree (Integrated Bachelor of Technology and Master of Technology) and Integrated M.Sc. (Master of Sciences) courses in IITs, IIT-BHU and ISM Dhanbad. IIT-JEE is a science-oriented entrance exam, testing candidate's knowledge of mathematics, physics and chemistry. Admission is very competitive since the entrance exam is generally considered tough and also because of the very high number of test takers; the undergraduate acceptance rate through JEE has a low ratio (around 1 in 60) with about 300,000 annual test takers for about 5,500 seats. Only about 4,000 of these seats are offered by IITs, the rest belonging to other institutes that use IIT-JEE. Only students who have completed their 12th and secured at least 60% in their exam (higher secondary studies from a recognised educational board) are allowed to appear for IIT-JEE. The IIT-JEE is well known for frequently changing the types of questions asked in order to discourage study by rote. In recent years, though the level of questions have become easier, the competition for a seat in an IIT has grown exponentially. Since IIT-JEE 2006, the format of the question paper was changed to a single objective test-based paper, replacing the earlier system that employed two tests. The candidates belonging to the general category must secure a minimum aggregate of 60% marks in the qualifying examination of the XIIth standard organised by various educational boards of India. Candidates belonging to Scheduled Caste (SC), Scheduled Tribe (ST) and Physically Disabled (PD) categories must secure a minimum aggregate of 55% in the qualifying examination. The upper age limit for appearing for the (IIT-JEE) is 25 years. The age limit is relaxed to 30 years for candidates classified in the SC, ST and PD categories. Starting with IIT-JEE 2007, a candidate can take IIT-JEE a maximum of two times, and students who are selected for an IIT cannot attempt the examination again. Students select their institute and department of study based on what is available at the time of their counselling and interview that follows the IIT-JEE result. The interviews are usually spread over five days.

RESERVATION POLICY

As per the rules of admission to IITs, 15% of the admitted students must be of the Scheduled Castes, and 7.5% of seats are reserved for Scheduled Tribes. The Other Backward classes have been provided with 27% reservation in effect from 2008 with the consent of the Supreme Court of India.

Determination is often
the first chapter in the
book of excellence.

Glimpse of Medical College

Pre Medical Test : Exam Pattern

The field of medical science & medicine is a sunrise-career option full of challenging opportunities encompassing vast area of Research & Development. Indian doctors are appreciated & revered the world over for their effective, easily accessible precise treatment & diagnosis. This is a recognition of the quality of Medical Education in our country. Moreover we are living in the age of Biotechnology, Genetic Engineering & Bioinformatics. So the scope & range of options in Medical science is enormous .

You have before you B.H.U., AIIMS, JIPMER, AFMC & various state PMT 's but PMT has a National appeal, as this entrance examination is conducted exclusively for the 15% Merit Positions for the Medical / Dental colleges of India, as specified in the directive of the Supreme Court. So this examination attracts the 'Best young brains.

Some Useful information about PMT:

ELIGIBILITY

- The candidate should be at least 17 years of age at the time of admission. To be eligible to appear in competitive entrance examination, candidate must have passed any of the qualifying examinations as mentioned in the Information Bulletin. Provided also that to be eligible for competitive entrance examination the candidate must have passed in the subjects of Physics, Chemistry, Biology and English individually and must have obtained a minimum of 50% marks taken together in Physics, Chemistry and Biology at the qualifying examination. In respect of candidates belonging to Schedule Caste/Scheduled Tribes or Other Backward Classes the marks obtained in Physics, Chemistry and Biology taken together in qualifying examination be 40% instead of 50% for General Candidates.
- Students from Andhra Pradesh / J & K are not eligible to appear as both these states had opted out of All India scheme. But the students of these states can claim eligibility by submitting an affidavit in original attested by First class Judicial Magistrate that they are not eligible to compete for MBBS/BDS seats in Andhra Pradesh and J&K, or that they are not domiciled in Andhra Pradesh and J&K.

EDUCATIONAL QUALIFICATION:

- The Higher / Senior Secondary Examination which is equivalent to 10 +2 Higher / Senior Secondary Examination, after a period of 12 years study, the last two years of such study comprising Physics, Chemistry, Biology (with practical tests in these subjects).
- The intermediate/pre-degree examination in Science of Indian Universities /Board or other recognised examination body with Physics, Chemistry, Biology.

PMT : Exam Pattern

- The Preliminary Examination would consist of one paper containing 200 objective type questions (four options with single correct answer) from Physics, Chemistry and Biology (Botany & Zoology) to be answered on the specially designed machine-gradable sheet using Ball Point Pen only.
- The duration of paper would be 3 hours.
- Final Examination (Only for those who qualify in the Preliminary Examination).
- The Final Examination would consist of two papers each of 2 hours duration. Paper-I would contain questions from Physics and Chemistry and Paper-2 would contain questions from Biology (Botany & Zoology).
- The Final Examination will have conventional (non-objective) questions to be answered in the Test Booklet supplied.

the OBJECTIVE

Tiwari's Classes has been established under the guidance of JNU academician with a singular objective to provide the right preparatory guidance to promising students that would give them strong academic base and prepare them to face the challenges of exam with a smile.

Tiwari's Classes has been launched to act as a true guide and motivator to students aspiring for excellence in education and career, driven by strong passion for noble work of teaching. We at Tiwari's Classes live by belief that every single boy and girl can set out to achieve the loftiest ambitions, given the willingness to work hard and the right preparatory guidance. No matter how many of our students make it to top engineering or medical colleges, we are always concerned about those who do not make it and we strive endlessly to help every student to make it to create more rankers in effort to make a difference to every single student. Our mission is to bring out the best from every student and to train them in the best possible way by providing educational facilities of higher order and creating a highly competitive atmosphere.

Why join TIWARI'S CLASSES

A premier institute for IIT/PMT/CBSE

Planned methods of teaching and a highly competitive environment.

Small batch size to facilitate easy students –faculty interaction.

The courses will be completed to the best satisfaction of the students and well in time. Sufficient time has been slotted for making revision, conduction of tests and doubt solving sessions.

Highly experienced faculty with expertise in material preparation.

The test papers will be designed exactly on the new format of IIT-JEE/PMT so as to give exact feel of the competitive examination pattern to the students.

Parent teacher interaction is given due importance to exercise proper guidance.

Regular tests and discussion will be there so as to clarify doubts left in the mind of the students.

Regular feedback from students is taken, to provide them better level of satisfaction in turn.

Separate tutorial classes on topics which have not been covered in competitive exams but are included in the board exam.

Our Approach To **ACHIEVE GOAL**

Our approach to achieve goal. We achieve our objective by following ways.

- ◆ Intensive class room sessions.
- ◆ Dedicated problems sharing sessions.
- ◆ Highly qualified, Committed and Dedicated Faculty.
- ◆ Totally revised, updated high quality study material.
- ◆ Doubt clearing and problem solving sessions.
- ◆ Parent, teacher interaction to share feed back.
- ◆ Small batch size with highly competitive environment.
- ◆ Synchronization with the teaching at school.
- ◆ Special programs to those students who perform below standard in our weekly test series.

GROWTH CHART FOR AN ASPIRANT AT TIWARI'S CLASSES

Learning basic fundamentals and concepts

Learning direct application of basic concepts

Learning problem solving technique and developing analytical skills

Know strong and weak areas by taking periodic tests, test analysis sessions and feedback on performance.

Increase speed and improve scoring ability to Learning time reducing techniques for solving problems.

Reducing mistake by taking several revision tests besides regular test at different stages of preparation.

Acquiring sound examination temperament and confidence for appearing in Engg./Medical Entrance Examination.

Reach the height of SUCCESS from the guidance of the Leaders

Award Scholarship

Tiwari's Classes promises to refund 50% tuition fee if a student gets selection in IIT/PMT in the session of joining the institution.

PTM (Parents teacher meeting)

Time will be allotted for parents in the Sunday evening to discuss the performance of their wards. Tiwari's Classes promises to try its best to fulfill their valuable suggestions for their ward's academic progress.

REPORT CARD

Report cards provide parents with essential information concerning their child's progress in institute. Sometimes due to poor performance, students hesitate to tell their marks to their parents and they wait for some other tests, so that they can win the faith of their parents this time, unfortunately if the poor performance still persists and the parents keep themselves in illusion that everything is going fine with their ward, it becomes too late to mend the things. As a precaution for not to get trapped in this unexpected impasse Tiwari' Classes will provide a report card to each student, where the progress of their ward can be judged and monitored. Each student enrolled at Tiwari's Classes will be provided a Report Card.

Faculties

There are lots of good reasons to choose us, but the one you should not overlook is the team of our distinguished faculty members.

We are not just another coaching class. We believe in teamwork. We stand for a team of highly qualified and competent staff. We at Tiwari's Classes value our faculty the most, we provide them a free environment and an open platform to even compete with each other to win students' admiration by delivering their best. This healthy environment has resulted in a very positive atmosphere and made our team highly competent and cohesive.

Besides the permanent faculty members we do keep inviting subject experts from all over India for exposing our students to the techniques and strategies followed by students in other states and zones for cracking competitive exams.

We believe, any educational institute is as good as the people and mainly the faculty behind it. We always keep our doors open for any teacher who is qualified, experienced and most importantly has the charisma to motivate children to achieve their goals.

Fee Structure

COURSE - 01

(Two year program) for IIT-JEE

For X Board appearing/passed students
Course Fee (for one year)

Lumpsum (With Study Material)	-	Rs 46000 (ATA)
In installments	-	Rs 25000 Cash (ATA) Rs. 12000 PDC (10th July) Rs 12000 PDC (15 Sept.) Total Amount Rs. 49000

CBSE Course Completion date :-
Physics, Chemistry & Maths (20 December)

IIT JEE Course Completion :-
(XIth Class part) 20th December

Revision :-
From 20th December to 10th Feb and for more days,
if required by some students.

COURSE - 02

(One year program) for IIT-JEE

For XII studying students Course Fee (for one year)

Lumpsum (With Study Material)	-	Rs 46000 (ATA)
In installments	-	Rs 25000 Cash (ATA) Rs. 12000 PDC (10th July) Rs 12000 PDC (15 Sept.) Total Amount Rs. 49000

CBSE Course Completion date :-
Physics (15 October)
Chemistry (15 November)
Maths (15 September)

IIT JEE Course Completion :-
Stage One 1st April to 15th Nov. XII, IIT JEE
Course
Stage Two 15th Nov. to 05 Jan XI, IIT JEE
Course
Stage Three 05 Jan to 15 Feb Focus on XII CBSE
Board

Note :-
(a) FREE Test Series CBSE (Rs. 2000)

COURSE - 03

Two year program for
XI cum Medical Entrance Exams

For X Board appearing/passed students
Course Fee (for one year)

Lumpsum (With Study Material)	-	Rs 46000 (ATA)
In installments	-	Rs 25000 Cash (ATA) Rs. 12000 PDC (10th July) Rs 12000 PDC (15 Sept.) Total Amount Rs. 49000

CBSE Course Completion date :-
Physics 20th December
Chemistry 20th December
Zoology 20th December
Botony 20th December

Revision :-
From 20th December to 10th Feb and for more days if
required by some students.

COURSE - 04

Two year program for
XII cum Medical Entrance Exams

For XII Studying students
Course Fee (for one year)

Lumpsum (With Study Material)	-	Rs 50000 (ATA)
In installments	-	Rs 27000 Cash (ATA) Rs. 15000 PDC (10th July) Rs 12000 PDC (15 Sept.) Total Amount Rs. 54000

Course Completion date :-
10th December for Physics, Chemistry, Zoology,
Botony

Note :-
Syllabus of XI class important from the point of view
of medical exams will be taught in this programme.

Revision :-
From 15 December to 10th Feb

CBSE XI

Subject	Course Fee	Course Completion Date
Physics	Rs 9500	20th December
Chemistry	Rs 9500	20th December
Maths	Rs 9500	20th December

In Installments:-

Rs 5600 (ATA)

Rs 4600 (10th July)

Total Amount Rs 10200

Revision:-

From 20th December to 10th Feb (PCM)

CBSE XII

Subject	Course Fee	Course Completion Date
Physics	Rs 9500	30th October
Chemistry	Rs 9500	30th November
Maths	Rs 9500	15th October

In Installments:-

Rs 5600 (ATA)

Rs 4600 (10th July)

Total Amount Rs 10200

Revision:-

From 15th December to 10th Feb (PCM)

CBSE IX

Subject	Course Fee	Course Completion Date
Maths	Rs 7000	30th October
Science	Rs 7900	30th October

In Installments:-

Maths

Rs 4000 (ATA)

Rs 3500 (10th July)

Total Amount Rs 7500

Science

Rs 4500 (ATA)

Rs 3900 (10th July)

Total Amount Rs 8400

Revision:-

From 1st November to Final Exams

CBSE X

Subject	Course Fee	Course Completion Date
Maths	Rs 7000	30th October
Science	Rs 7900	30th October

Board, I.A.S. Association Bldg., Near Patna Airport, P.O. Veterinary College, Patna-800014. www.bocceb.org

TWO FROGS!

A group of frogs were traveling through the woods, and two of them fell into a deep pit. When the other frogs saw how deep the pit was, they told the two frogs that they were as good as dead. The two frogs ignored the comments and tried to jump up out of the pit with all their might. The other frogs kept telling them to stop, that they were as good as dead. Finally, one of the frogs took heed to what the other frogs were saying and gave up. He fell down and died.

The other frog continued to jump as hard as he could. Once again, the crowd of frogs yelled at him to stop the pain and just die. He jumped even harder and finally made it out. When he got out, the other frogs said, "Did you not hear us?" The frog explained to them that he was deaf. He thought they were encouraging him the entire time.

▶▶▶ This story teaches two lessons:

▶▶▶ There is power of life and death in the tongue. An encouraging word to someone who is down can lift them up and help them make it through the day.

▶▶▶

A destructive word to someone who is down can be what it takes to kill them.

Be careful of what you say.

Speak life to those who cross your path. The power of words... it is sometimes hard to understand that an encouraging word can go such a long way. Anyone
